Toilet Surround Mat

Ideal for falls prevention in the bathroom

The BetterLiving Toilet Surround Mat is designed to reduce the risk of slips and falls in the bathroom. The design provides extended under foot coverage and is a soft and warm surface under foot, its universal design fits around most toilets and an ultra low profile allows it to be left in place when using a mobile commode.

Indoor Rubber Backed Mat is made from tufted nylon with a nitrile rubber backing

The solution-dyed nylon resists fading and bleaching, while the crush-resistant pile traps dirt and extends the performance life of the mat. The backing is skid-resistant and resists oil and grease. The mat works well on all tiled, timber or lino surfaces and features an anti-trip low profile border to ensure the mat lies flat and reduces the risk of falls. Easily cleaned by sweeping or vacuuming, the mats are machine washable and can be tumble dried for improved hygiene.
